8 Bagot Avenue Mile End SA

3 1 1

Nestled on a charming tree lined street with many appealing character homes, this city fringe bungalow is partially refreshed but waiting for the right person to rejuvenate it with character charm.

The home has an Art Deco vibe at the front yet retains its typical bungalow character internally. With its central passageway down the middle of the home, polished timber floors, high ceilings and arches. This 1900's bungalow is a blank canvas.

The three double bedrooms are generous in proportion - two with feature fireplace. The master bedroom has a ceiling fan and dressing room.

The galley style kitchen has Miele dishwasher and ample storage.
