2/5 North Esplanade Glenelg North SA

3 2 2

Wow, what a cracking location for beach lovers, perched on the Esplanade in a peaceful locale just a two minute walk to the marina.

Of the four units that that make up "Harbour View" - the Mediterranean-style apartments built in 1989 - Unit Two has a prime spot downstairs, with the fabulous seven metre wide balcony and living room boasting a breathtaking ocean outlook.

Supremely spacious living is provided by the open plan kitchen, living and dining area with pole position held by the gorgeous sunroom, which could also be your office or study. Don't expect to get much work done though, as the mesmerising views are sure to be a major distraction.

A small rear balcony features within the shared courtyard.
